### **500 Student-Athletes Named To Fall 2011 MASCAC All-Academic Team**

Buzzards Bay, Mass. — A total of 500 student-athletes have been honored by the Massachusetts State Collegiate Athletic Conference with selection to the league's Fall 2011 All-Academic Team that was released earlier today by Commissioner **Angela Baumann**.

Student-athletes that compete in championship varsity sports offered by each of the eight MASCAC institutions during the course of the recently completed Fall 2011 academic semester and have achieved a 3.20 cumulative or semester-based grade point average during the semester are eligible for selection to the Fall All-Academic Team.

Westfield State University placed the most student-athletes on the Fall 2011 MASCAC All-Academic Team with a total of 102, while Bridgewater State University (85) and Worcester State University (66) followed.

"I want to congratulate all eight member schools on having such a tremendous number of student-athletes honored on the Fall MASCAC All-Academic Team," Commissioner Baumann said of this year's squad. "The commitment to the all-around development of our student-athletes both in the classroom and in competition is something that our schools take great pride in, and the success that MASCAC student-athletes have achieved in the classroom is testament to that commitment."

The Massachusetts State Collegiate Athletic Conference, the nation's oldest Division III men's and women's playing conference, has a rich and storied tradition of competitive success while celebrating excellence in the classroom. MASCAC member schools include Bridgewater State University, Fitchburg State University, Framingham State University, MCLA, Massachusetts Maritime Academy, Salem State University, Westfield State University and Worcester State University. Two other institutions, the University of Massachusetts Dartmouth and Plymouth State University, are affiliate members of the conference in the sport of men's ice hockey.

The Fall 2011 MASCAC All-Academic Team, which is broken down by member institution, follows:
